Question 3. How do you feel about the vision?

The legal partnership of the schools supported by the Trust will work together to further improve standards, outcomes and services for children, young people and their families within our local school communities. We would therefore like to build on the work already being undertaken by the eight schools by forming a strongly mutual Co-operative Trust to support and secure our work.

Working together will enable us to:

- Improve outcomes for all of our learners in our schools with a focus on school to school improvement.
- Support each school to be the best it can be.
- Strengthen our ability to work collaboratively to enable our schools to grow, develop and improve together.
- Develop the skills and expertise of staff across our schools.
- Further share resources and skills between our schools.
- Further increase levels of aspiration across our school communities thereby impacting positively on standards and outcomes.
- To nurture and develop children to become life-long learners.
